Celebrate: **Turkey Time Machine Party**

The bubbly, modern Corner Office is the place to be on Thanksgiving eve for their first-ever throwback fest, a day-long bash with \$3 drinks like Jell-O shots, Alabama Slammers & Bahama Mamas (nothing says Thanksgiving like Bahama Mamas!), and trailer trash eats like the Suspiciously Familiar Rib Sandwich & pigs in a blanket, plus DJ FunkyTown spinning iconic '90s tunes -- though eat too much of the trailer trash food, and it's unlikely that your Heart Will Go On.

📄 *Print out this piece to get a free Suspiciously Familiar Rib sammy on the house (it's for charity, so give 'em a few bucks anyway!), and then hit up their Facebook for more info*
